* On occasion, it is necessary for us to request that a student come for Discovery before we accept the student into the School. The Discovery period is two weeks. During this time, we can determine whether the School is a suitable option for the student.

All students require a personal laptop with Windows 10 activated (Professional is better than Home version). EDU360 will supply 'Office 365 for Education' to each student during their tenure at our school and we will also install ESET antivirus.

Personal stationery costs are not included in the programme fee structure. A supply of pens, coloured pencils, ruler and highlighters are essential and remain the responsibility of the individual student.

Course stationery costs are included in the programme fee structure. This includes examination pads, markers and additional printing costs.
